PHOTOGRAPHY CAPSULE
JUNE 24-29, 2:00 PM - 4:00 PM
MYNT XLC, ANAND NIKETAN

FACILITATOR : RAGHAV PASRICHA
CAPSULE OVERVIEW

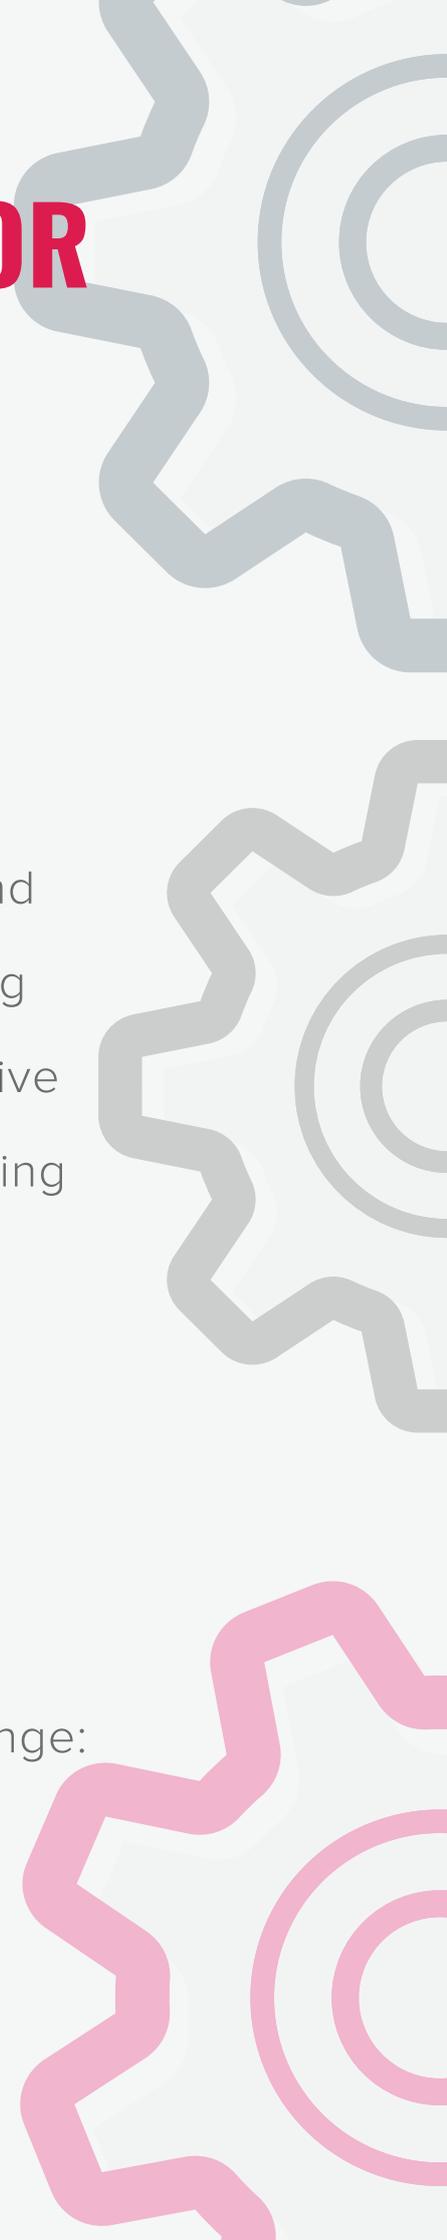

CAPSULE OVERVIEW

The photography capsule has been designed to provide students with detailed insight into the many facets of photography. The curriculum introduces students to the key aspects of making a photograph, including the fundamentals of composition, exposure and focus, and the processes applied within digital cameras and phones.

At the end of the capsule, we hope students will develop an appreciation of the art form and have a clearer idea about their future as photographers.

FACILITATOR AND MENTOR

RAGHAV PASRICHA

Ace Independent Photographer

Raghav Pasricha is a New Delhi-based photographer whose work spans many genres including documentary, product, architectural and event photography. His ability to look at wedding photography with a documentary lens is distinctive and has led to important commissions from leading industrialist and business families in India.

With an MPhil in visual anthropology from the Department of Sociology, Delhi School of Economics, Delhi University, Raghav brings his academic credentials to his photographic practice. His paper 'Photographing Climate Change: Constructing an Imagination' (2013) won critical acclaim in academic circles in India.

- Sharpness
- Cropping

Session 6 - Review and showcase

FAQ'S

Q. Are there any prerequisites to this capsule?

A. There are no prerequisites for this course; anyone who is inclined towards learning about photography can sign up for it.

Q. How long is each session?

A. Each session is approximately 2 hours long, except the studio day which will take about 4 hours.

Q. Do I need to carry any equipment for the capsule?

A. A camera -- DSLR, phone, mirrorless or point and shoot, doesn't matter. We recommend you get a phone with a decent camera and you can experience how to wow people who think great images can only be made on DSLR's. In case you not have access to one, we can arrange one for you subject to availability and cost.
